PROFILE

Brand Strategist and Designer with 7+ years of experience building brands across technology, healthcare, consumer, logistics and lifestyle.

I work from strategy through execution—developing positioning, visual identities, campaigns and scalable brand systems that turn complex ideas into clear, distinctive experiences. Experienced working directly with founders, growing businesses and in-house teams.

CORE CAPABILITIES

Brand Strategy · Visual Identity · Creative Direction · Brand Systems · Art Direction · Campaign Design · Motion Design · Digital Design · Presentation Design · Content Systems · UI/UX · Visual Storytelling

EXPERIENCE

Independent Brand Strategist & Designer

2022 — Present

Partner with startups, founders and growing businesses to build brands from strategy through execution.

- Lead brand projects from discovery and positioning through visual identity, design systems and launch execution.
- Develop brand strategy, messaging, verbal direction and creative concepts with founders and decision-makers.
- Create scalable identity systems across typography, colour, imagery, motion, layout and digital applications.
- Design websites, campaigns, presentations, content systems and marketing materials across technology, healthcare, Web3, lifestyle and consumer sectors.
- Present strategic and creative recommendations directly to clients and guide projects from concept through final delivery.

SELECTED RECENT BRAND WORK

Notients — Brand Strategy & Identity, 2026

Built the strategic and visual foundation for an AI healthcare platform supporting clinicians during patient conversations, including positioning, verbal identity, visual identity and communication systems.

Umoja — Brand Strategy & Visual Identity, 2026

Developed the strategy and identity for a wellness development company, translating the idea of interdependence into a contemporary brand system and visual language.

5Fourteen — Brand Strategy & Identity System, 2026

Created the strategic and visual foundation for a contemporary creative company, spanning positioning, verbal identity, campaign language, visual systems and brand applications.

House of Woma — Brand Strategy & Digital Direction, 2026

Helped shape the positioning, messaging, digital direction and premium brand system for a design-led home and lifestyle company across interiors, art, furniture and homeware.

MyShopLauncher

2022 — 2024

IN-HOUSE DESIGNER

Worked across brand and marketing for an e-commerce SaaS platform, supporting communication across product, growth and customer-facing channels.

- Designed marketing campaigns, social content, email communications and digital assets.
- Developed repeatable visual systems that improved consistency across customer-facing materials.
- Translated product features and commercial propositions into simple, accessible visual communication.
- Collaborated across marketing and product needs while supporting the ongoing evolution of the brand.

Deliveryguy

2023

CO-FOUNDER · BRAND & PRODUCT LEAD

Co-founded a digital logistics platform designed to make business deliveries easier to coordinate.

- Led brand strategy, visual identity, product experience and marketing direction.
- Helped shape key product features including rider discovery, ETA-based sorting and multiple pickups.
- Developed positioning and communications for an initial pilot targeting 100 businesses and 50 riders.
- Worked across product decisions, customer experience, acquisition thinking and brand execution.
